Greenwood Promotion to Ease the Burden of Home Heating for the Winter Season

Greenwood Clean Energy fall promotion program to reward select Facebook friends with \$200 STIHL gift certificates.

Bellevue, Wash – October 20, 2011 – [Greenwood Clean Energy](#), a Washington-based manufacturer of high-efficiency, wood-fired central heating appliances, will offer \$200 gift certificates from [STIHL](#), the North American leader in handheld outdoor power equipment, to randomly selected ‘fans’ of their Facebook page.

Greenwood wants to help homeowners in the tough economy. “Families are challenged by high energy prices and the strain it places on their finances, particularly during the winter season, when they need to heat their homes,” stated Michael Kuehner, President of **Greenwood**. “We are pleased to have STIHL as part of our effort to help homeowners reduce the burden of high heating costs through a **renewable heating solution**,” Kuehner continued.

The Greenwood Frontier Series is a modern **wood gasification boiler** designed for today’s busy homeowner – clean, flexible, efficient – making wood heat a safe and affordable option for families. The Frontier Series log **wood boiler** can reduce home heating bills by more than 70%.

STIHL has a long history of supporting pioneering companies that share their mission. “As a company committed to **socially responsible environmental stewardship** STIHL is pleased to be working with Greenwood Clean Energy”, stated Roger Phelps, Promotional Communications Manager at STIHL.

The gift certificates may be used toward the purchase of STIHL chain saws, outdoor power equipment or accessories and are redeemable at any STIHL dealer. To enter the promotion, click '[like](#)' on the Greenwood Clean Energy Facebook page.

About Greenwood Clean Energy

Founded in 2009, Bellevue, Washington-based Greenwood Clean Energy manufactures renewable energy woody biomass central heating appliances. Greenwood's high-efficiency appliances burn wood to heat water for use in radiant, baseboard or forced-air heating systems. Greenwood appliances are available through dealers and retailers throughout the U.S. For more information visit Greenwood's website www.GreenwoodUSA.com or call (888) 788-3090.

About STIHL

STIHL Inc. manufactures the number one selling brand of gasoline-powered handheld outdoor power equipment in America for homeowners and professional landscapers, as well as the number one selling brand of chain saws in the world. STIHL products are sold through servicing power equipment retailers. For more information visit the STIHL website at www.stihlusa.com.
